Use Determination & Recommendation:

Has the use existed since November 28, 1975? ☐ Yes ☐ No ☒ Unknown
Comments: Tetra Tech called the stream "Rocky Brook."

Is the evaluated use attainable? ☒ Yes ☐ No

Comments: UAA survey occurred in March 2005 and no uses were observed. The stream met the maximum depth criterion in two of six sites and average depth criterion at three out of six sites. The pool at site 73 was too deep to measure. There is not enough evidence to rebut a whole body contact designation. Extensive interviews and/or historical information were not provided.

Committee Recommendation: ☒ Retain Use ☐ Modify Use ☐ Remove Use
